**HEALTH AND SAFETY  
ARE THE PRIORITIES**  
FOR ALL THE EF GROUP COMPANIES

## YOU ARE WELCOME

EF Group, is a holding company of technologically advanced enterprises in the metallurgical field.

Our path is toward a future where growth, sustainability and innovation are inextricably linked.

Over the years, we have devoted time and resources to health and safety protection.

In this perspective we have always focused on technological improvement by investing in innovation and the promotion of a culture of prevention.

## MAIN PRINCIPLES BINDING:

Care for your safety and follow the safety principles and signals

Admittance to the production departments is forbidden unless accompanied by internal staff

Follow the pedestrian routes, paying close attention to the crossing points and the junctions

Driving speed limit of signals is binding at parking zones and on internal roads

## AT THE WHOLE PLANT:

You mustn't smoke tobacco or e-cigarettes outside of the set out places or use open fire

You mustn't take photos or make film

You mustn't drink alcohol or consume intoxicants

You mustn't bring guns or knives

You mustn't use mobile phones when moving around

## PROTECTIVE CLOTHES:

Use personal protective equipment in accordance with the information provided at the entrance to the respective zone

Wear protective helmets

Wear protective footwear

Wear protective high visibility vests

Wear goggles

Wear hearing protectors

## HAZARD

Notify the threatened persons and call the competent service

## EMERGENCY NUMBERS

**958 EMERGENCIES**

**944 INFIRMARY**

**958 FIRE PROTECTION**

IN CASE OF ACCIDENT, notify the EF Group coordinator - then will call the ambulance

## FIRST AID

Provide first aid to the injured! There are first aid kits for pre-medical care and a defibrillator on site

## EVACUATION

In case of emergency siren ( three long sound), leave the site through the closes emergency exit, and head for the evacuation assembly point
